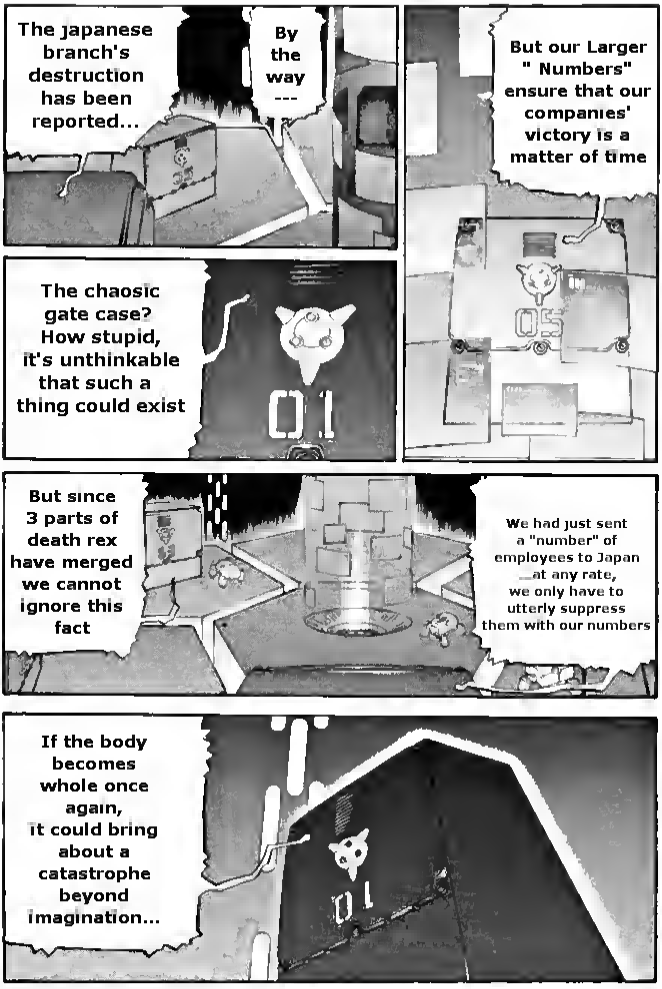
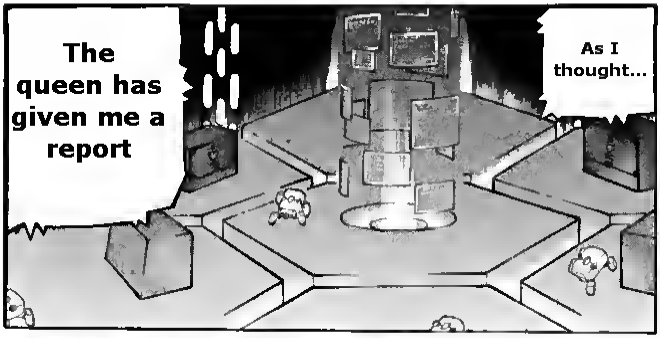
SILICON VALLEY MACHINE SOCIETY HEADQUARTERS
The News Broadcast Networks ...all of them are under the control of our company
98% of New York and Manhattan Island are in our possession...
Detroit is estimated to fall in 280 minutes..
The State of California is completely in our possession
The magic society's base is scattered so it's more or less a little troubling but...
FRANCE BRANCH CHIEF
Our advance on America has been a huge success
What about europe ?
AMERICA BRANCH CHIEF

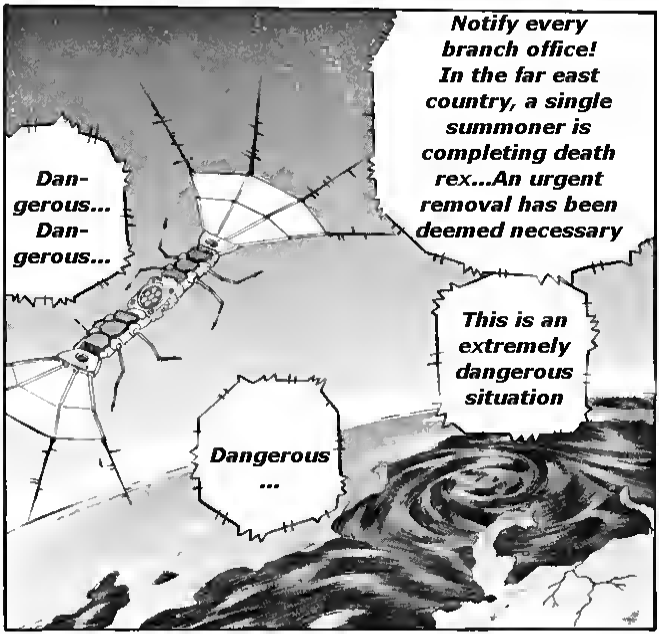
TL NOTE: GLAD I DON'T LIVE IN THOSE STATES...



The japanese branch's destruction has been reported...
By the way ---
But our Larger " Numbers" ensure that our companies' victory is a matter of time
05
The chaosic gate case? How stupid, it's unthinkable that such a thing could exist
01
But since 3 parts of death rex have merged we cannot ignore this fact
We had just sent a "number" of employees to Japan ...at any rate, we only have to utterly suppress them with our numbers
If the body becomes whole once again, it could bring about a catastrophe beyond imagination...
01



The queen has given me a report
As I thought...



Notify every branch office! In the far east country, a single summoner is completing death rex...An urgent removal has been deemed necessary
Dan-gerous... Dan-gerous...
This is an extremely dangerous situation
